Detail Carwash

Extreme Monster

starting at \$50. Clean dash steering column, instrument panel. Apply dressing to all interior vinyl, and plastic. Shampoo front mats only, and speed wax and a wash.

Extreme Interior Detail

starting at \$80. Same as above, plus front seats and back seats shampoo, carpet shampoo, tire dressing and a wash.

Complete Detail

starting at \$120. Same as the extreme interior detail plus front and rear seats and carpet shampoo, buff wax treatment, all ext. dressed, includes monster rim shine and a wash

BEST OF THE BEST

starting at \$150. Same as the Complete detail but we wax your vehicle to remove the swirls on the vehicle then we apply another layer of wax followed by a clear coat protectant. We use a cyclo-buffer that will not harm your vehicle. This is how they do it in California and this is what we recommend for customers who wants to keep their vehicle looking great.

Attention to carwash patrons: Please remove all valuables from your vehicle when leaving your vehicle for a carwash. We do not assume responsibility for any lost valuables in your vehicle. It is also the vehicle owner's responsibility to check for loose parts in their own vehicle or to check if their vehicle is prone to damage from carwashes. For example, some vehicles are prone to antenna, side view mirror and windshield wiper damage. Please check with your car manufacturer. We do not assume any responsibility for any damage to your vehicle so please check your vehicle for any loose parts before entering the carwash tunnel.
